### AFTER ANN LET US REBEL REBEL

## NEW MAIL ART PROJECT: AFTER ANN LET US REBEL REBEL

The deadline for The book of ANN (Friour project 12) is 31 December 2011.

The past year was great on a MAIL ART and KITTY level, so THANX to all who contributed and exchanged art and ideas.

I now present the successor for 2012 and already email my season greetings to YOU ALL.

FRIOUR project 13 is on rebellion, contestation, protest in all its meanings: artistic, political, social, cultural, historical and present ones.

I dedicate this 2012 project to all mail artists who have told me they like my art but PLEASE Guido stay away from politics! They are forgetting that all the great art movements of the modernist past (Dada, Surrealism, Cobra, Situationism) were involved in attempts to change society. So REBEL REBEL aka the essence of art expressions by artists living in society, rooted in all the social and cultural contradictions of the world. Because after all it is not only Wall street we need to occupy because the public domain is our space. Reclaim the streets indeed!!

POWER TO THE PEOPLE, TO THE ANIMALS, TO THE TREES AND TO THE ASTONISHING STONES OF OUR UNIVERSE (it is OUR universe: not belonging to banks, corporations, dictators, the state, the police or other self proclaimed authorities: we are the world, the world are we, so REBEL REBEL till you drop, don't shop, burn all billboards down, spit on your local flag and embrace humanity as a whole, for XXX sake, REBEL REBEL till the end of time, REBEL against death and REBEL against the way we live or against those who impose us how to live.

Take responsibility of your own life and destiny, this means also taking responsibility of our planet and existence in our own hands. Don't depend of power, create your own power, or refute power altogether!

## Mail Art Project for Clean Energy

I am calling for artwork in support of clean and sustainable energy practices.

Clean and sustainable energy, such as wind and solar power, are a safe alternative to dirty and limited sources of energy such as coal and nuclear power. Aside from polluting the environment, dirty sources of energy poses serious risks for the lives of people and generations to come. All received art will be forwarded to governmental and corporate organizations involved in the creation, distribution, and regulation of energy.

Artwork should be original, but there are no limits on your imagination. There will be no jury, no fees and no return of artwork.

Please send your art to:

## 2012 – First Postcard

Please send me a postcard and help make the first piece of art for 2012!

During the course of this year as I have worked on the 2011 Project I have experimented with many new mediums, subject matter and sources for collages. This has led to a number of pieces made from vintage postcards.

This is your chance to help me make a piece of art. For my first piece for 2012, I want it to be a collage of nothing but postcards I receive via the mail. All you need to do is please send just one postcard.

The postcard should be mailed to me at:

**Tofu**  
**PO Box 170681**  
**San Francisco, CA**  
**94117 USA**

The postcard can be old or new. You may or may not write a note. If you add a return address, I'll eventually send a postcard back to you.

Thank you!
